'Why' are you doing this?

Have you ever asked yourself this question. Why do you get up in the morning? Why do you go to work? The answers are the usual, pay the bills, keep a roof over the family's head and so on.

You may have noticed that I just launched my real estate company, YOUR HOME SOLD GUARANTEED REALTY. Its because of you and your support that we have been able to do that, and for this we are truly grateful and sincerely thank you.

THE
BIG
'WHY?'

As I started on this new mission I asked myself. Why does the business exist? You may think it's obvious, pay the bills, keep a roof over the family's head, and those are certainly true.

But actually, I think of it like this. The business exists for the benefit of OTHER PEOPLE! Those people include our clients that trust us with such a huge life event such as transitioning from one location to another, moving schools for their children as they begin a new chapter in their lives. Those people also include our employees and their families, the charities that we support and all of those that we touch as we help buyers and sellers on their happiness quest to find the perfect home.

Give some thought this month to the question... why am I doing this? It's a good thought provoking question.

- ⇒ What is your BIG WHY?
- ⇒ How Your Referrals Help the Kids
- ⇒ ...and More!!

Right now, there are kids who are trying to beat the Cancer Monster and other debilitating diseases at Texas Children's Hospital. Our heart goes out to the patients, parents, relatives and all those that form the support system for the children that didn't ask for this to happen to them. God bless them all!

OUR BIG WHY! Yes, we love selling real estate, but the reason we do it better than most, I believe, is because we approach everyone and each other with fact that the business exists for the benefit of OTHER PEOPLE.

This is where you can help...

YOUR REFERRALS REALLY DO HELP THE KIDS...

Who do you know considering buying or selling a home you could refer to my real estate sales team?

IMPACTFUL REAL ESTATE NEWS

Why I Support The Children's Miracle Network And Texas Children's Hospital.

Meet Stephanie Rene Evans, I've been her Dad since she was 3 years old. At somewhere around age 5 we discovered Stephanie had an enlarged liver and spleen. There were many days and many tests, a lot of which were done by the Doctors at Texas Children's Hospital. Stephanie was diagnosed with a Liver Enzyme deficiency know as Gaucher's disease.

Fast forward to today, through the grace of God Stephanie is a beautiful, healthy, happy, grown woman enjoying life. I will always remember the smart, caring and compassionate Doctors and Nurses of Texas Children's Hospital that helped a young child and freighted parents so long ago.

Sincerely,

Gary Evans
